MAJOR RENOVATIONS

- Families will see substantial changes at Lacy Elementary as they return for the new school year. Four old buildings on the campus were demolished over the summer. A new facility that ties into the remaining building provides an enclosed campus and improved security. Work is continuing to provide playgrounds and play fields to be ready in the fall.
- The major renovation is part of the 2006 school construction program. The \$22.2 million project included construction of new general and special programs classrooms, and a new art and music classrooms, new dining and multi-purpose room, media center, administration and student support services. The project provided a canopy for bus drop off, accessible route to play fields, upgraded and expanded play equipment and upgraded parking areas.
- The completed project will add 73,148 new square feet and provide a school facility of 86,149 gross square feet.

DIRECTIONS

- Take Capital Boulevard to Wade Avenue exit. Follow Wade Avenue (I-40) to Ridge Road and make a right. The school is on the right before Lake Boone Trail. The school is at 1820 Ridge Road, Raleigh, NC 27607. The phone number is 881-4920.
