**An Open Letter to the Community,**

As the Chairman of the Wake County Board of Education, I would like to take this opportunity to publicly thank Chief, Harry Dolan and the Raleigh Police Department.

Their assistance in helping to maintain a safe and orderly environment for employees and visitors during this week's Board of Education meeting is greatly appreciated. The officers of the Raleigh Police Department have once again demonstrated their professionalism and commitment to their community, and the Wake County Board of Education is grateful for their efforts.

Even with this week's formidable weather, Chief Dolan and his officers did a great job ensuring an atmosphere where the citizens of our community could attend and participate in the school board meeting.

The Raleigh Police Department has assisted the Wake County Public School System on several occasions recently, and we would like to thank them for their continued support.

Sincerely,

A handwritten signature in black ink that reads "Ronald A. Margiotta".

Ron Margiotta  
Chair  
Wake County Board of Education
