

# WAKE COUNTY PUBLIC SCHOOL SYSTEM APPLICATION TO SERVE AS A PARENT OR COMMUNITY VOLUNTEER MEMBER FOR TEXTBOOK SELECTION COMMITTEE ELEMENTARY MATHEMATICS

Jeannette Cox, WCPSS Senior Administrator for Elementary Mathematics,  
Instructional Services Division – e-mail [jcox@wcpss.net](mailto:jcox@wcpss.net) or call 850-1820.

**Directions: Please read this carefully, complete it fully and fax it to Sarah Williams at 850-1821 by June 25.**

Informed, dedicated parent or community members are welcome to apply to be members of this committee. They will work with other Textbook Committee Members.

While our full schedule of meetings has not been set, we are looking at the minimum of 1 day per month from September thru January.

We have scheduled a meeting for September 11th at the McKimmon Center for an informative presentation by Dr. Eric Milou from Rowan University on the State of Math Education with perspectives from the National Math Panel results.

We will have a day-long commitment in November, but have not set the date for it.

There will be a textbook caravan but the dates have not been set.

There will be some overview and training in the new Elementary Math Standards so that the committee understands the requirements of the NC Department of Public Instruction.

Overall, we are looking at a fairly significant commitment of time and energy in a process that will impact our students through 2020. This selection will have a lasting impact on our children throughout their K-12 experience.

Name \_\_\_\_\_ Home/Cell Number \_\_\_\_\_

My educational background is as follows: \_\_\_\_\_

I am a parent of a student in WCPSS; this student is at the following school \_\_\_\_\_

and in the \_\_\_\_\_ grade.

I have special knowledge about this subject area. It is: \_\_\_\_\_
