

ELECTIVE COURSE OPTIONS FOR 6TH GRADE STUDENTS

Ligon GT Magnet Middle School

Elective courses are not required subject areas like reading and math, but are optional courses that may be of interest to your child. Each middle school offers unique elective courses that your child can choose to take. The elective courses listed below are options for 6th grade students. It is important to note that the availability of elective courses is dependent upon each school's master schedule, and choosing an elective does not guarantee it's availability in your child's individual schedule.
