Dear FVHS Parents,

Wake County Public School System is pleased to continue a service that enhances communication by allowing us to deliver important information to you. **Starting this month, we will expand our current communication service to include text messaging and email.**

The School Messenger Notification System will alert parents and staff on matters such as principal messages, school closings, early dismissals, attendance, special activities and school emergencies.

On Monday, March 13th, you will receive an opt-in message on the cell phone we have on record. We hope you will take a few moments to follow the steps to "Opt-In" to text messages. **Or, you can simply opt-in to receive text messages by texting YES to the number 67587 now.** The new school messenger features will take effect the day you respond to the opt-in message. Note: If you have already opted in for another school, you will not receive the opt-in text message.

In addition to performing the opt-in process, you will want to ensure that we have your current phone numbers and e-mail addresses in our student information database. If you feel that this information is incorrect, you can fill out a change in contact information form that is located on our school website (fvhs.wcpss.net) or by picking up a form in our main office.

Lastly, the expanded service calls multiple phone numbers for all associated parents/guardians. You can choose how you would like to be contacted by using the new SchoolMessenger infoCenter website or infoCenter mobile app for Android and iOS. Review the **Parents Guide to infoCenter** (<http://bit.ly/sm-infocenter>) for instructions on setting up your infoCenter account and setting your communications preferences. For support, please review the **Parent FAQ** (<http://bit.ly/sm-parent-faq>).

If you have any questions, please feel free to contact us. More information can also be found at www.wcpss.net/schoolmessenger.

Thank you,

Jonathan Enns, Principal
