

A sample of what your child will be learning in Fifth Grade Language Arts:

- Summarizing the key details of stories, dramas, poems, and nonfiction materials, including their themes or main ideas
- Identifying and judging evidence that supports particular ideas in an author's argument to change a reader's point of view
- Integrating information from several print and digital sources to answer questions and solve problems
- Writing opinions that offer reasoned arguments and provide facts and examples that are logically grouped to support the writer's point of view
- Writing stories, real or imaginary, that unfold naturally and developing the plot with dialogue, description, and effective pacing of the action
- Coming to classroom discussions prepared, then engaging fully and thoughtfully with others (e.g., contributing accurate, relevant information; elaborating on the remarks of others; synthesizing ideas)
- Reporting on a topic or presenting an opinion with his or her own words, a logical sequence of ideas, sufficient facts and details, and formal English when appropriate
- Expanding, combining, and reducing sentences to improve meaning, interest, and style of writing
- Building knowledge of academic words with an emphasis on those that signal a contrast in ideas or logical relationships, such as *on the other hand*, *similarly*, and *therefore*
- Producing writing on the computer

Here are some activities you can do with your child to support Language Arts learning at home:

- Make reading for fun part of your child's daily routine. Set aside quiet time with no phones, computers, or other distractions, when your child can read for pleasure.
- Encourage your child to write about and discuss what they read
- Before your child begins reading ask them what they think will happen in the story. Before, during and after reading, ask them questions about what they read. Some questions you may ask are:
 - What do you think will happen next and why?
 - Can you tell me about what you just read?
 - Describe the characters.
 - What was your favorite part of the story and why?

A sample of what your child will be learning in Fifth Grade Math:

- Adding and subtracting fractions with unlike denominators (e.g., $2\frac{1}{4} - 1\frac{1}{3}$), and solving word problems of this kind
- Multiplying fractions; dividing fractions in simple cases; and solving related word problems (e.g., finding the area of a rectangle with fractional side lengths; determining how many $\frac{1}{3}$ -cup servings are in 2 cups of raisins; determining the size of a share if 9 people share a 50-pound sack of rice equally or if 3 people share $\frac{1}{2}$ pound of chocolate equally)
- Generalizing the place-value system to include decimals, and calculating with decimals to the hundredths place (two places after the decimal)
- Multiplying whole numbers quickly and accurately, for example $1,638 \times 753$, and dividing whole numbers in simple cases, such as dividing 6,971 by 63
- Understanding the concept of volume, and solving word problems that involve volume
- Graphing points in the coordinate plane (two dimensions) to solve problems
- Analyzing mathematical patterns and relationships

Here are some activities you can do with your child to support Math learning at home:

- Notice everyday occasions when you find yourself using addition or subtraction, such as to determine **about** how much you will spend at the store when picking out items by finding the total. Ask your child to determine the amount of change you will get back.
- Make multiplication and division flashcards and practice on a regular basis.
- Work with fractions on a daily basis. Discuss parts of a whole and common fractions (fourths, thirds, halves). Try to discuss fractions in real life situations, for example cooking and money.

Teachers, Parents, Students – Together for Success

What does it mean to be a Title I school?

- The emphasis in a school-wide Title I school is on serving all students. Schoolwide programs maximize the impact of Title I funding in that all students in the school are served as funds are used to improve the entire educational program.

What is a family/school compact?

- A family-School Compact is an agreement between parents, students and teachers. It explains how parents and teachers will work together to make sure all students get the individual support they need to reach and exceed grade level standards.

Barwell's Goals for student achievement:

- Reading – By June 2015, all students' reading scores will improve by
- Math – By June 2015, all students' math scores will improve by

In The Classroom – As your child's teacher, I promise to...

- Use the latest research to teach students.
- Provide open communication through folders, conferences, phone calls and notes.
- Establish collaboration with the classroom teacher for student instruction and scheduling/pull-out.
- Provide materials that are interesting and motivating.
- Help parents understand instructional practices, class expectations, and grading policies.
- Plan meaningful lessons that meet individual student needs.
- Provide a safe school environment that promotes learning and encourages a partnership with the school.
- Employ effective classroom management skills.
- Promote a feeling of belonging for all.

At Home – As the child's parent/guardian, I promise to...

- Read nightly with my child.
- Help my child with his/her homework.
- Provide an appropriate area for doing homework.
- Engage in activities that encourage learning.
- Provide encouragement and positive reinforcement.
- Talk with my child about his/her school day.
- Attend school activities & parent-teacher conferences.
- Show respect with my words and actions for my child, other children, and their families, the teachers, and the school.
- Communicate and work with the school to encourage my child's learning and positive behavior.
- Ask specific questions to stimulate my child's conversation/oral language skills.
- Encourage regular & prompt attendance.

Students – As a student, I promise to...

- Complete my homework.
- Read nightly with my parents.
- Participate in activities that help me learn.
- Participate in classroom activities.
- Ask questions when I need help.
- Help others.
- Be at school on time and regularly.
- Be responsible with my books, folders and school supplies.
- Be responsible for my actions and behavior each day.
- Be a good citizen by doing what is right because it is the right thing to do for myself and others.
