## WHAT IS STUDENT TEACHER UNIVERSITY?

Recruitment initiative specifically designed to train and hire teachers in critical needs areas

A collaborative effort between Human Resources, Academics, Family and Community Engagement, and Special Education Services

A semester-long professional development cohort; open to all full-time WCPSS critical needs student teachers who plan to pursue employment with WCPSS following graduation

## STU FOCUSES ON:

### INSTRUCTIONAL PRACTICES and RESOURCES

- Curriculum Management Application (C-MAPP)
- Multi-Tiered Support Systems (MTSS)
- Special Education Acronyms and IEPs
- Literacy integration, K-12
- Parent communication and family engagement
- Teaching diverse learners
- Cultural proficiency
- Professional Learning Communities (PLCs)
- Collaboration between special educators and regular educators

### JOB READINESS SKILLS

- Interview skills
- Résumé tips for educators
- Mock interviews with WCPSS principals
- Navigating the teacher job fair
- WCPSS application and hiring processes

## WHAT STU ALUMNI ARE SAYING:

This program was amazing. In the beginning I was skeptical about it but when I got the interviews I felt much more prepared than I was at the beginning of the program.

The most beneficial part for me was... actually meeting people from Wake County. I believe that creating a network is extremely important and this is something I would have struggled doing on my own.

I had a wonderful experience and am so thankful that I had the opportunity to be part of STU. The mock interview session was the most beneficial. I feel less nervous as I am preparing for interviews.

**THIS WAS FANTASTIC!** It helped me to prepare to work in Wake County. The principal...told me that STU was a large factor in my on-the-spot job offer.
