- 3– **Provide cultural artifacts to include in our school “Culture Kits”-** small boxes that teachers check out for students to learn more about another country or culture by exploring the artifacts in the box. For example the China kit includes chop sticks, spoons, silks, pearls, Coke/Water bottles, pictures, books, children’s toys and other items Mrs. Pierce and Mrs. Goodrum collected on their trip to China. Items that can be kept as part of our growing collection are preferred.
