EOG Basics

The NC End Of Grade test series is designed to assess a student’s proficiency with grade level curriculum standards. Students will be testing on reading and math skills; and science (5th grade only).

Scoring: Unlike report cards, student performance on the End Of Grade tests will range from 1-5. Students who score a level 1 or 2 are not considered proficient in that academic area. Students who score a 3 will have demonstrated the ability to move to the next grade level. Students who score a level 4 or 5 on the EOG will be considered proficient and on track to being college and career ready. More information about sample test questions and the overall test will be sent closer to the testing date.
