

Student Accident/Scholastic Insurance

The Wake County Public School system (WCPSS) does not carry medical insurance to cover students' accidental injuries or illnesses. A voluntary student accident insurance policy is available for purchase on an individual basis and covers accidental injuries that occur during school-sponsored activities. If you do not already have insurance for your child, WCPSS has contracted with QBE Insurance Corporation to offer coverage.

Application and purchase information can be obtained from QBE's website www.k12studentinsurance.com. In addition, parents' insurance also may provide coverage for injuries to their child(ren).

Refer to Board policy 6720 that addresses the insurance requirements for participating in specified activities. In order to participate in these activities, the parent or guardian must complete and return to school the PARENTAL CONSENT -SCHOOL TRIPS/ATHLETIC ACTIVITIES (FORM 1713a) and CERTIFICATE OF ACCIDENT INSURANCE (FORM 1733) and other documentations from the school. Except as indicated below, the coverage is provided on a self-pay basis.

If you need further information, call 888-574-6288 QBE Insurance Corporation or the Young Group. Inc. (the providers) call 919-846-9798. Parent/guardian may review the plans and enroll their child online at <http://www.k12studentinsurance.com>.

Paper copies of the enrollment documents are available at the school if needed.

Please do not send any enrollment forms and money to school or central services.
