Querido estudiante de español AP Lenguaje y Cultura:

I look forward to an exciting learning experience with you next year...I am passionate about teaching and YOU are important to me; therefore, I want to help YOU get a jump start...

There are several tasks that you will complete during the summer. The activities you will complete will keep your reading, writing, listening and speaking skills active and encourage you to develop good habits for improving these skills during the school year. For the speaking activities, you will need to use Google voice. The number is (919) 244-2974. Please say your name first and then speak.

For each of the activities completed, you must provide some sort of “evidence.” Evidence may be, but it is not limited to, a picture, a receipt, a signature or a copy of an original document. In addition, you must complete the attached log noting the date the activity was completed, the skill used, the time spent on the activity and a brief description of the activity. In order to benefit the most, you **MUST** complete one of each.

Both pages together are worth 500 points.
