Student Government seeks candidates who exemplify the highest degree of character and personal integrity. To that end, students who have been arrested and/or adjudicated for breaking ANY local, state, and/or federal law will be accepted in candidacy in the year of such arrest or adjudication.

I fully understand that by submitting a registration form I am testifying to the fact that I have neither been arrested or found guilty of breaking ANY local, state, or federal law in the calendar year of my application; more, I understand that misrepresentation of my legal history will disqualify me before or after the current election from holding the office for which I am registering.

It is MOST important to note that, should you win your election, it will be expected and mandatory that you adhere to the highest standards of personal conduct both on- and off-campus. Any violence, intimidation, sale or use of recreational drugs, or any other offense against school policies or local, state, or federal law which could result in your suspension from school, etc. will be grounds for your public dismissal from office. Short of this, failure to complete the responsibilities stated above will result in your appearance before the student government Judicial Review committee.

(* Nota bene: You should consider attendance at Student Council and Class Council meetings as mandatory unless told otherwise. Students elected as alternates must also attend all meetings.

I fully understand that being a member of student government (Student Council and Class Council) is a serious responsibility, and by signing here I indicate that I also understand the duties for the position for which I am running.

I support my student's application to run for the above position in the student government of Athens Drive High School. I understand that Student Council and Class meetings are held on different days, and my student must make every effort to schedule his/her appointments, work schedule, transportation arrangements, et al. to accommodate his/her attendance at these mandatory meetings. I understand that as a model for other members of the student body, he/she will be responsible for attendance at all student government functions, and for appropriate personal and academic conduct both in- and out-of-school. I understand that my student may forfeit his/her position in student government subject to that conduct.
