Resource List for P Element

Please note, this list is meant to be a starting point to help you begin to implement BYOD. The list is not exhaustive. Please feel free to add items to the list that you think students may find useful to help them be more productive and organized learners. Visit THIS page to learn more about tool permissions.

* P usage is largely student driven. If you recommend a tool from this category to students, encourage them to talk with their parents about downloading/using the tool.
