Mission Statement

Wake County Public School System will provide a relevant and engaging education and will graduate students who are collaborative, creative, effective communicators and critical thinkers.

Vision Statement

Davis Drive Middle School will work collaboratively as a community to prepare students to be highly effective communicators, critical thinkers, and innovators in a complex and changing world.

Core Beliefs

- Every student is uniquely capable and deserves to be challenged and engaged in relevant, rigorous, and meaningful learning each day.
- Every student is expected to learn, grow, and succeed while we will eliminate the ability to predict achievement based on socioeconomic status, race, and ethnicity.
- Well-supported, highly effective, and dedicated principals, teachers, and staff are essential to success for all students.
- The Board of Education, superintendent, and all staff, while sustaining best practices, will promote and support a culture of continuous improvement, risk-taking, and innovation that results in a high-performing organization focused on student achievement.
- The Board of Education, superintendent, and all staff value a diverse school community that is inviting, respectful, inclusive, flexible, and supportive.
- The Wake County residents value a strong public school system and will partner to provide the support and resources to fully realize our shared vision, accomplish the mission, and sustain our core beliefs.

Value Statement

We provide quality instruction in a safe environment that is rigorous, enriching, and collaborative to advance student learning and achievement.

We expect students, staff, and parents to model integrity, respect, responsibility, and to support our commitment to excellence.

We recognize that children have different needs and are committed to ensuring all are challenged to reach their full potential regardless of socioeconomic status, race and ethnicity.

We provide learning opportunities which allow students to collaborate, create, communicate and think critically.

We use our Professional Learning Teams, along with professional development, to promote and support a culture of continuous improvement, academic risk-taking and innovation focused on student growth.

We encourage parent and community engagement to foster a shared responsibility for students to grow and be successful academically, socially and emotionally.
