CRWA+ Testing: Starting this week, select scholars from the Junior class will participate in the CRWA+ Testing. Enloe was selected as a pilot school to administer this test. Ms. Tolomeo, our Testing Coordinator, has communicated with the students involved in the testing administration. The duration of the tests last approximately 90 minutes and must be completed online.

Tardies and Dresscode: Parents, please stress to your scholars how important it is to be punctual and to ensure that they are getting to each of their classes on time each day. Starting this week, the administration will be intentional on conducting tardy sweeps. Students who are habitually late will receive appropriate consequences to include a warning, in school intervention and possibly out of school suspension. And as the weather is changing this week to include a couple of days of warm weather, we ask that you reinforce appropriate attire with your student. Enloe administration will enforce the dress code policy as articulated by our Board of Education. Students in violation of the dress code policy will receive appropriate consequences. Please help us, so that we can ensure that your students don't lose instructional time on things that they can prevent.

Collaborative Round Table Discussion: Calling All Parents and Students, your presence and participation is being requested on March 28 at 6:30 pm as we have a collaborative meeting to engage in round table discussions on the Vision 2020 of the Wake Schools' Strategic Plan, community building with stakeholders, and academic programming at Enloe. You will not want to miss this!

School Improvement Feedback: The School Improvement Team would like feedback from parents on how to improve communication between the school and parents through a short survey. This survey can be found on the Enloe High School's main webpage. Hardcopies of the survey may be completed at the school, in the main office or in Student Services. Please complete this survey only one time. We need to Hear from YOU!
