

School Improvement Plan (SIP) 2016-2018

- Every two years, schools write goals and a plan for the school that align with the mission, beliefs, and values of the county and school.
- Please read the following slides and VOTE on the goals, plan, AND representatives on the School Improvement Team (SIT).
- See Kathy Butler to vote.
- There will be a question on the Teacher Working Conditions Survey in 2018 asking if members of the school improvement team are elected. They are, and this is the process.

By 2018, RMS will achieve 65% overall math proficiency and 70% overall reading proficiency. All subgroups will achieve AMO target goals as measured by NC EOG's.

Goal 1

Key Processes:

- Plan with power and anchor standards - analyze common assessments (chart), EOG's, and benchmarks
- *Learning in the Fast Lane* book club and professional development - book study, survey, and share resources
- Plan with 4C's: collaboration, creativity, communication, and critical thinking - one WISER inquiry project a semester, PLT and dept. minutes

By 2018, RMS will strengthen family, student, and community relationships as measured by school generated surveys and other qualitative data.

Goal 2

Key Processes:

- Use part of Ramp Up time to teach goal setting and guidance lessons - analyze and modify quarterly based on student surveys, team minutes
- Use standardized process to track contacts with parents - admin will report numbers quarterly, parent surveys at the semester

SIT/Leadership Representatives

Mike Chappell, Principal

Susan Lavalley, Assistant Principal

Michael Applewhite, Assistant Principal
