

## ***Web Enrichment***

Go to [www.mathbits.com](http://www.mathbits.com)

Look on the left side of the screen for *Student Resources* and click on *Algebra I*

Scroll to the middle of the screen where it says *interactive on-line practice*.

Click on on-line algebra practice.

Here you will find lots of review games for many topics covered in

Algebra I. There is Battleship, flashcards, Jeopardy, matching, etc.

Choose as many as you want! These should help build your skills and confidence.

Are you ready for a challenge?

Try the **MathCaching** game. It is at the top of the *Student Resources* screen.

It may best to print out the worksheet to keep up with your answers. If you need to stop the game, you can save your last URL and pick up where you left off. During the game, if you get a “page cannot be found” screen—your answer is wrong. Keep trying!

PowerPoint Activity for Line of Best Fit

Go back to [www.mathbits.com](http://www.mathbits.com)

Look on the left side for PowerPoint and click on *In the Classroom with PowerPoint*.

Scroll down and click on *Estimating Ages of Famous Personalities*.

Print the *Ages Worksheet* to use with the PowerPoint.

*View the Slides* and guess the ages of each.

Use the *Actual Ages* answers to fill in the remaining data on the worksheet.

Complete the worksheet using your knowledge of linear regressions (line of best fit).
