

# Activity 15: Teaching Expectations

- Choose one setting from your school matrix.
- Create a lesson plan using the lesson plan template.
- Discuss options for scheduling teaching expectations to staff and teachers.
- Use teaching schedule form.

<b>Skill:</b>
<b>Rationale: (Why is this skill important?)</b>
<b>Teach in Steps: (How are you going to break the skill down in to manageable steps?)</b>
<b>Teacher Model: (Demonstrate the skill using a real life example)</b>
<b>Role Play:</b> Have students practice the skill using examples and non examples <b>Example 1:</b>  <b>Non Example 1:</b>  <b>Example 2:</b>
<b>Review: (How are you going to review what the students have learned during the lesson?)</b>  <b>Provide performance feedback: (How will you reinforce the students for demonstrating the skill and/or correct students for errors?)</b>
<b>Ideas for Generalization (How and when could students practice throughout the day?):</b>
