

Module 2 Handouts Day 1 Contents and Descriptions

Handout #	Item	Description of Handout Uses
1	PBS Team Expectations Matrix	Expectations for PBS teams during module 2 training. Trainers will use these expectations when reinforcing teams
2	Bright Ideas	For tracking ideas that you might like to use later. Use as many sheets as you need (blank copies on tables)
3	Module Two Action Planning Guide	Plan of action for PBS teams as they further their implementation
4	Implementation Inventory	Assessment used to determine to what degree school-wide levels of implementation features are in place
5	Basic Principles of Behavior - Antecedent Examples	Definition and examples of types of antecedents
6	Basic Principles of Behavior - Data Collection Sheet Examples	Examples of types of data collection sheets that individuals can utilize to determine patterns of behaviors
7	Basic Principles of Behavior - Student Case Study Examples	Case study examples of student behavior challenge examples
8	Classroom-based Interventions	Description of classroom-based interventions
9	Surface Management Techniques	Detailed descriptions of surface management techniques covered in training. Can be used as a handout for school staff or paired with additional training
10	Classroom Management Self-Assessment (Sugai)	Tool for classroom teachers to use as they assess their classroom management and create action plans to address areas of improvement
11	Team Time – Module One Progress Check	A list of questions for teams to answer and consider as they move toward further implementation of PBS
