

How to subscribe to North Carolina Health Occupations Teachers' e-group

Currently, no hard copy newsletters are being sent to HOE teachers via USPS. In order to receive timely state updates, messages, articles, etc, please make the effort to join this e-group. It is also a mechanism for HOE teachers to share ideas and get timely answers to questions. Please note you will have to obtain a yahoo sign-on ID and password to complete the process. This is a free service.

- Send a blank e-mail message to: NCHOEteachers-subscribe@yahoogroups.com (no spaces)
- Shortly you will receive a response asking you to confirm being added to the e-group
- Click on reply and in the body of the message type *confirmed*
- You will then receive a final message welcoming you to the group and providing instructions on how to use NCHOEteachers e-group.

You may join using your home or school email address. If your school system blocks yahoo email, you will need to join using your home address.
