BYOD: 5th Grade at Alston Ridge ES utilizes WCPSS's Bring Your Own Device (BYOD) program. 5th Grade uses Google Classroom and Google apps to complete a variety of assignments and projects. Students whose families opt to not send a device to school with their student will be provided access to the learning through a school device or alternative strategy. More information will come home at the beginning of the school year. All devices can be used, but we have found that Chromebooks work best.
