Single Subject Acceleration (SSA) is an acceleration opportunity provided for enrolled and attending Wake County Public School System (WCPSS) students. As outlined in Board Policy 3422, K-8th grade students who meet specific criteria in Mathematics or English Language Arts (ELA) have the opportunity to accelerate in one subject area. Only students who are currently enrolled and attending a WCPSS school during the open nomination and testing window are eligible to be considered for SSA.

SSA Testing Information
Testing for Single Subject Acceleration is available for enrolled and attending WCPSS students. Students in the designated grades are able to accelerate in either ELA or Math. Testing is done at the student's assigned school. Please contact your student's school for more information about SSA testing. *All requests submitted outside of the student's testing request windows will not be processed. Once the Google Form is completed, you will receive a confirmation message. If you do not receive a confirmation email please email the Advanced Learning Services team at ssa@wcpss.net.
