Parent Input Form for 2017-2018 Elementary Placement

Student _____ Current Teacher _____ Current Grade _____

Parents of rising kindergarten through fifth-grade students have the opportunity to share important information they would like to be considered in making decisions about classroom placement. Information about your child's unique learning needs is important in making appropriate placement. **Requests to be placed with specific teachers or students will not be honored.**

Please be aware that there are many factors we must consider in making classroom placements. Your input will be considered along with the needs of the entire grade level to form classrooms that will provide the most productive learning environments for all students.

Requests for rising first through fifth-grade students should be mailed or delivered to the office by June 9, 2017, at 3:00. Forms for rising kindergarten students may be submitted until August 25, 2017.

Please describe your child's unique learning needs and the classroom environment that will meet your child's needs.

Please list any additional information that should be considered in your child's placement.
