Greetings Oberlin Families,

We have had a wonderful, but busy spring week. On Thursday, our school welcomed Stop Hunger Now, as global studies elective students participated in meal packing. Check out the pictures on social media, as our students put “taking action” into practice by packing more than 10,000 meals for people in Haiti and the Philippines. Super thanks to Ms. Barnes, Mr. Wheat, and Ms. Hahner for organizing this event, and tremendous gratitude to our community supporters who made this experience financially possible. Please stay tuned to school communications to be “in the know” for all end of school year events!

EOG Remediation / Readministration -

If your student passes their English Language Arts or Mathematics class, but is non-proficient for their EOG / EOG, your student will be invited to remediation and a test readministration on June 16th and 17th. Should your child meet the criteria for our EOG / EOC Remediation and Readministration program you will receive an invitation for your child to attend the program after the EOG testing window closes for our school. For your planning purposes, the program dates for the end of the school year are: June 16 and June 17. Transportation will be provided, and breakfast and lunch will be available. Participating students are allowed to be "picked up" by parents at the conclusion of the readministration. More information to come for eligible students.

Broughton High School's Walk for Water - As a global studies school, Oberlin values preparing students to "take action" to improve our global community. Broughton students are doing just that, and they have invited us to join. Global H2O, a 501(c)(3) organization based in Raleigh, North Carolina, provides clean water and sanitation facilities in rural areas of Africa, particularly in Uganda, to solve the water crisis and improve health, education, and community growth. Walk for Water will be held on Saturday, May 10, from 10:00 am to 12:00 pm. The event will consist of walking the track at Jack Spain Stadium, relay races, competitions, student activities, and more. All of the funds from the event will go toward providing clean water and sanitation facilities in Central Africa. A woman walks 3.7 miles just to get a jug of water and will make the same long journey back home. Our Walk for Water 1-mile goal is to raise \$4,000 for one latrine. Our 2-mile goal is to raise \$9,200 for one well. And our 3-mile goal is to raise \$12,500 for a well and a latrine. More information can be found at this [link](#).

Oberlin Magnet Middle School EOG / EOC Spring Testing Schedule
