1:30-2:00					
2:00-2:30					
2:30-3:00					

### Class Time

New information/course content will be pre-recorded and accessible at any time. "Class time/real-time/live" opportunities for continued learning are places where you may **interact** with other students or where **concepts are modeled or demonstrated**. These "class times" serve as a guide for students and teachers during remote learning; students and teachers are not required to be "live" during these class times. Students will be assigned coursework that they may access and complete outside of these times.

### Office Hours

During live office hours, you can work with your teacher individually, in small groups, or as a class. Teachers will be available for at least 1 hour per day when students can engage with the teacher in a live format (via phone, video chat, email) to ask questions or receive additional support. Teachers have the flexibility to schedule rotating office hours, but will communicate regularly with students/families.

### Lunch

This time period aligned to WCPSS remote lunch deliveries. No instruction/office hours will take place during this time.

### Student Work Time

Students can use this time to complete class assignments. Office hours are available during Friday student work time
