University Connections & Leadership

Centennial
Campus
Middle

An extension of North Carolina State University, Centennial Campus middle school provides a space for meaningful collaboration and innovation. CCMMS students interact with campus partners as they grow their individual leadership capacity while recognizing and honoring the strengths of all.

See what parents and students are saying about CCMMS!

"I'm so impressed with the interactions between teachers and students. The amount of encouragement the teachers provide for these kids — at such an impressionable age — is truly amazing. We are thrilled to be a part of this Red Wolf community!"

— **Christine Carey, Parent**

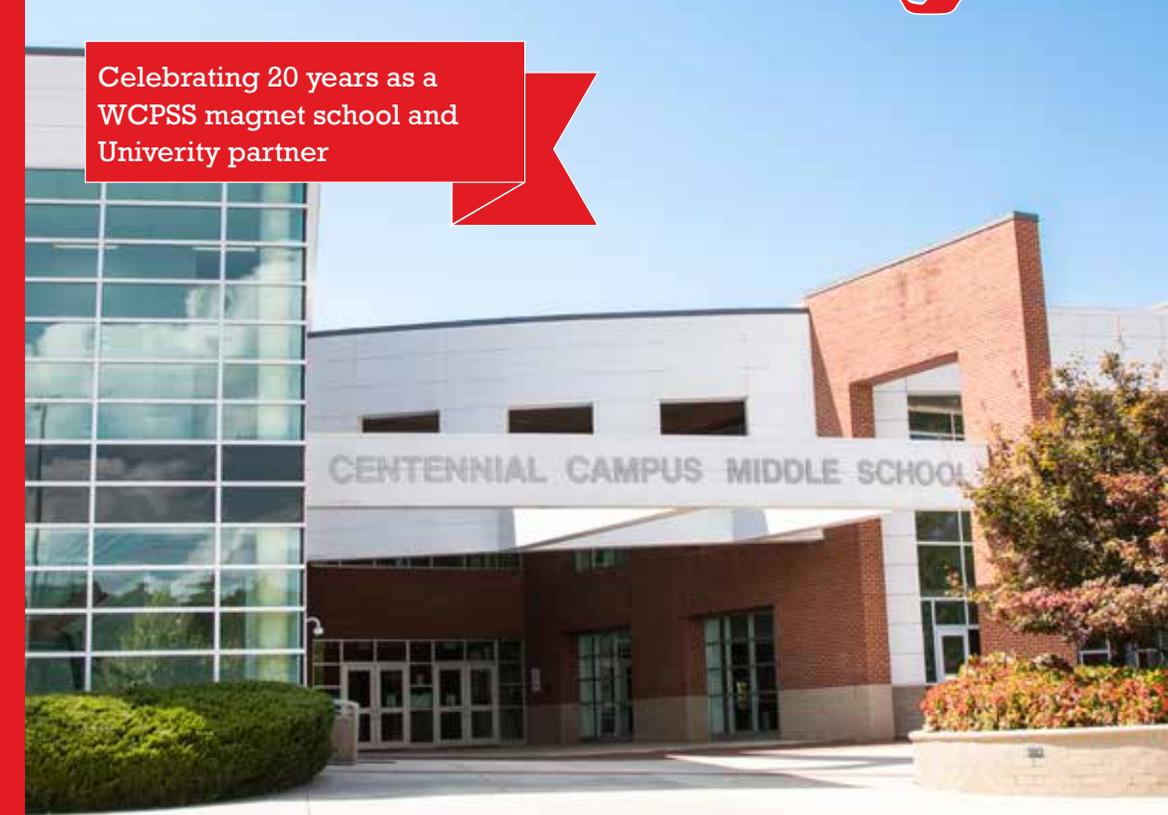

"I really like that our school does community circle. We also go on field trips to NC State and we partner up with the Friday Institute. Our Wolf Rallies are really fun, we come together as a family and engage with each other."

— **Ananiah Best, 8th-grader**

"In the first few weeks of being here, at Centennial, I found myself very interested in the different variations of afterschool activities to join. I am very pleased with the generosity of the staff and their ability to listen to the students in need. We are also able to share our thoughts and feelings. Overall I'm very grateful for my continuous experience here."

— **Bailey Crocket, 6th-grader**
