All CTE Academy students are required to complete a 120 hour (honors-credit) internship in their pathway field the summer between their 11th and 12th grade year. Students should anticipate transportation needs for this internship.

Students are making a 4-year commitment to participation in the CTE Academy. Participation in the CTE Academy may mean that students are not able to fit other courses in their schedules such as band, CCP, AP, etc. due to scheduling conflicts
