

Ballentine Elementary  
School will provide a  
relevant and engaging  
education and will prepare  
students to graduate who  
are collaborative,  
creative, effective  
communicators and critical  
thinkers.

BES Mission Statement

# BES Vision

A clear glass bottle stands on a grassy field at night. The bottle is empty and reflects the surrounding light. The background is dark with many out-of-focus yellow and white lights, creating a bokeh effect. The grass is green and slightly out of focus.

Our vision for Ballentine Elementary School is that we will be an exceptional learning community. We will establish a tradition of success by igniting curiosity, bringing learning to life, and empowering children with the knowledge, skills, and dispositions to become lifelong learners and innovators. We will take pride in knowing that our school has cultivated leaders for tomorrow.

Ballentine Elementary School will welcome and engage all families and the community. Together, we will celebrate our accomplishments as we continue to make a positive impact on the world, one student at a time.

# Ballentine's Values

## Relationships, Integrity, Compassion, Trust and Respect

The BES staff will work to build intentional personal and professional relationships among members of the school community. We will maintain integrity, compassion, and trust within those relationships by respecting individuals and all ideas as having value.

## Collaboration, Reflection and Perseverance

The BES staff will collaborate, reflect, and persevere to evaluate our effectiveness and find the best strategies to promote student growth.

## Growth Mindset, Optimism, Curiosity

The BES staff will approach change and challenges with a growth mindset. As a result, we will inspire optimism throughout the school community, while fostering curiosity and self-confidence.
