- If a student is approved to be a 3-year graduate, they may have a rigorous schedule that is demanding on time.
- Colleges and universities review rigor and course load when considering student applications.
- 3-Year Graduates will not participate in “Senior Activities” due to their non-senior classification. However, they will participate in graduation.
- Students are not able to participate in any school activities, as a student, after they graduate from their high school. Additionally, students cannot return for a 4th year after they have progressed through the 3-year graduate option.
