

MAGNET IMPLEMENTATION GUIDE FOR 2021-22

@PowellesPLAY

*Powell Center for Play and Ingenuity Magnet
Elementary*

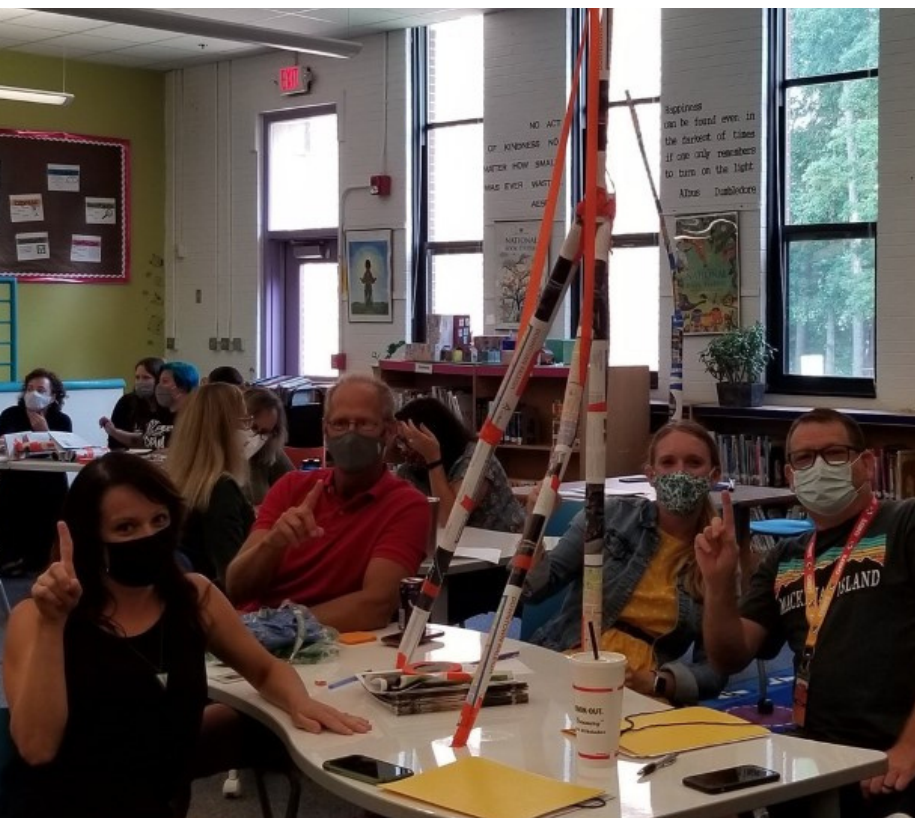

Welcome back to school! We have the unique opportunity to continue to build & strengthen our school family during Domains this year! Our whole school family will begin the new year within an assigned grade level specific Domain experience. Students will practice innovative thinking, problem solving, and creating. They will engage in active dialogue with their teachers, specialists and peers, testing and refining ideas and sharing the results of their endeavors. Student agency will be given precedence through their activities and projects.

In order to meet the needs of our students, we all will continue to need flexibility and grace as we move through this new school year. We hope to answer any questions you might have about our magnet implementation for this school year during the first "Bagels with Brower" Google Meet on Friday, August 27th at 9:00 AM.
