Devices

Students are allowed to bring an internet capable device for **educational** use in class. Smart phones are allowed, but a **tablet, laptop, Chromebook, or e-reader** may be a better choice for the following reasons:

- cannot access the web unless they are connected through the BYOD student network which is filtered to protect students from accessing inappropriate content
- help avoid the distraction/temptation of text messaging and social media
- have a bigger screen; some content is too small on a smartphone screen

EXTRA DONATIONS for teachers - Appreciated all year long
