Understanding Your Schedule:

BLUE = LIVE SESSION with your teacher using your Google Classroom Meet Code

GREEN= Students complete assignments related to instruction. This can be on the computer or off the computer. This is flexible time for families.

YELLOW= Lunch and time away from device.

Second Grade will not start with 2.5 hours online instruction each day. Our goal is to work up to at least 2.5 hours of Live Instruction per day during the month of September. We will work during the first weeks of school to get students use to the schedule and learning online.

HOMEWORK

*All Second Grade students are asked to complete 15 minutes of reading. Examples include reading with an adult or self selected books.

*All Second Grade students are asked to complete at least one Dreambox lesson per day. Dreambox lessons help students practice math skills at their individual levels.

*All Second Grade students are asked to complete 30 minutes of online phonics practice per week.

There is flexibility within the day of when you complete practice assignments and HW.
