

## Wearing a Face Covering to School

Kids and teachers can wear face coverings to school. This is new and different. It is okay.

Some people might wear face coverings. Other people might not wear face coverings.

**COVID-19**

Wearing a face covering helps prevent us from spreading germs like the Coronavirus, or COVID-19.

Wearing a face covering might feel uncomfortable at first. It is okay.

When I put on my face covering, it should cover my nose and mouth.

Some face coverings have elastic loops that go around the ears. Some face coverings tie at the back of the head.

Even though I am wearing a face covering, I can still have fun at school.

I can ask my teacher for help with my face covering.

Wearing a face covering at school is different. It is okay. I can handle it!
