

2020-2021 Liaison Application

Leesville Liaisons play an important part in welcoming new students to our school and giving tours to prospective families. Liaisons are students who are truly interested in helping new students transition to a new school.

Due to the current situation, we are limiting new application to these two groups of students: Rising Sophomores and students in any grade who were new to LRHS, enrolling from a different school system.

By applying to be a Liaison, you must agree to attend a training in August, (the date will most likely be one day the week before school starts on August 17). You must also commit to giving tours, welcoming new students, and playing an active part of Liaison activities throughout the school year.
