Wakefield High School will offer a site-based summer school program for students who need to recover credit. Wakefield will use their *GradPoint* lab to provide individualized instruction to students.

The summer school program will run from **July 9-Aug. 7, 2019 with graduation on Aug. 14** and will be supervised by WCPSS teachers with proper certification.

Population Served

Students are admitted in the following **priority order**:

- Recovery credit for seniors needing to graduate 2019
- Recovery credit for juniors needing to graduate 2020
- Recovery credit for sophomores needing to be promoted
- Rising 9th grade students assigned to WHS
- Other base students needing recovery credit can be served at the discretion of the school principal/summer school administrator after junior and senior needs are met.
- *Wake County residents who do not attend WCPSS can be included if there is space available upon approval from the host school principal. Proof of residence in Wake County is required.*

Curriculum

Wakefield will use the *GradPoint* curriculum placement assessments and course content, with recommended supplemental materials. EOC tests will be given to all students enrolled in an EOC class according to guidelines set by the state of North Carolina and the WCPSS Testing Office.

Classes will be offered in the four core areas: English, Math, Science & History (No cost)

Grade Reports

Notifications of summer school grades will be given to the student once the student has finished the assigned course. Parents need to monitor progress on a daily basis, you may also email the summer school teachers with any questions you may have. Grades will be sent to the *PowerSchool* Data Manager of the base school for entry into the student's transcript.

Exams are administered to all students at the end of the session. In all courses with an End-of-Course test, the EOC test shall count as 20% of the student's final grade. All EOC and final exams will be administered on the final days of the summer school program (EOC courses are Math I, Biology, and English II). **The grade earned in Summer School will not count toward the GPA and will appear on the transcript as either Pass (P) or Fail (F). All previous grades remain on the transcript and are calculated in the GPA.**

Accepted students will be notified by June 28.
