

Graduate Spotlight

Miguel Sanchez - Class of 2010 *Student - NCSU*

“I am currently studying Paper Science & Engineering and Chemical Engineering (dual-degree program) at N.C. State. I have had an internship with Weyerhaeuser in New Bern, NC at their fluff pulp mill; a co-op with Georgia-Pacific at their recycled paperboard mill in Big Island, Va; and an internship at MeadWestvaco at their corporate headquarters in Richmond, Va.”

“The PLTW courses that I took at Southeast definitely inspired and motivated me to pursue engineering.

I always reflect on that EDD class especially as I have used the Gantt chart a few times for planning events.”

“I am a member of the Society of Hispanic Professional Engineers [SHPE] at NC State. I speak about the challenges I have faced and the responsibilities I have had from SHPE .”
