Thanks so much to each of the 200+ parents that have responded to the **Panorama Survey** to give us feedback about Lake Myra. The Wake County Public School System values input from families – and we need to hear from more of you! You are an important partner as we work to improve our communication, academic program and overall experiences for our students and their families. You received an email from “Panorama Education “(support+wakecounty@panoramaed.com) on March 25th providing you an access code and requesting you to complete a brief survey about Lake Myra. The survey results will be used to inform and prioritize our district and school level initiatives. Thanks in advance for taking time to complete this 15-minute survey.

The nomination windows for **Single Subject Acceleration** are about to open. SSA allows students to show mastery of content in select elementary or middle school courses. Students who prove mastery do not have to take the course and may move on to the next level. More information can be found on the [WCPSS website](#).

**School will be closed for students on Wednesday, May 1<sup>st</sup>.** All supporters of education will be rallying to support additional resources for your children in public education.

Have a great week.

Sincerely,

Tina Zarzecki
