

Principal Message for March 5, 2021

Greetings Lake Myra Families!

For the week of Monday, March 8, the following students come to school:

- Pre-K through third grade: Daily in-person instruction
- **Grades 4 and 5: Cohort B(2)**
- Special Education Regional Programs, K-12: Daily in-person instruction
- **There are no asynchronous days this week.**

The window for parents to request SSA testing (**Single Subject Acceleration**) is now open. Parents must request by March 22. If you are interested in a request for your child, please email Mrs. Oates (moates@wcpss.net) if you could not attend one of the scheduled meetings and she will work on scheduling an individual time with you.

The PTA is actively looking for help for the 2021-2022 school year. Several current board members have completed their terms and there are positions that need to be filled (both Board and Committee Chairs). Without these filled positions, there can be no PTA. Please consider helping. ❤️❤️ An interest form can be found here:
