

AP Calculus AB ONLY Application Form 2019 - 2020

Student Name (Last, First) _____

Student Signature _____ Student E-mail _____

Rolesville High School strongly recommends that all students register for both AP Calculus AB and AP Calculus BC. Because AP Calculus AB is offered only in the 1st semester, students registering for AP Calculus AB only often find it challenging to prepare on their own for the May AP Calculus Exam. Additionally, the AP Calculus BC course has a significantly smaller curriculum and thereby provides students with in-class opportunities for exam review and preparation. Students who score well on the AP Calculus BC examination will have the potential to earn credit for both Calculus 1 and Calculus 2 at the university level.

This application is designed for students who believe they would benefit academically by registering for **ONLY** AP Calculus AB.

Select your reason for registering for **ONLY** AP Calculus AB from the list of reasons below.

I will be graduating early from RHS and will not be on campus for AP Calculus BC. Due to the rigor of my current schedule, I do not have room for both semesters of AP Calculus.

Other: _____ Please explain your reason in detail below:

Parent(s)/Guardian(s)

Name _____ Signature _____
