Daniels Magnet Middle School Families,

This past Wednesday we had our first Hive Time of the year. Hive Time is one day a month where we build in an hour for staff members to work with a smaller group of students to establish a stronger Daniel Community and build relationships throughout the building. Here are some of the questions we asked students this week in Hive Time:

- What do you value in a friend?
- What are you most looking forward to this school year?
- What is a school memory you have that you will never forget?

We know that the social emotional part of school for a middle school student is as important as the academic piece. We are hoping that Hive Time will ensure students look forward to coming to school and feel like Daniels is a safe place to learn and grow.

We had our first three games of the fall season this week.....and we had three victories. Great job by all of our student athletes and coaches. Thanks to the community for coming out in full force to support the Blue Jackets.

We were expecting to receive all last year's Math EOG scores from the state this week. That has not been the case. We are sending out individual student reports as soon as we get them. If your child did not bring one home, don't worry, Ms. Cherry, our testing coordinator, is working diligently to track down all the missing reports.

The two makeup days are **OCTOBER 31ST (THIS IS A CHANGE)** and **December 20th**.
