**Credit by Demonstrated Mastery** - Students may earn high school credit for specified courses without spending a set number of hours taking the course in a classroom. Under the state's Credit by Demonstrated Mastery (CDM) option, uniquely qualified students may "test out" or bypass a course if they have already mastered the content.

The program provides another opportunity for students to learn new content, to challenge themselves with the next level of rigor in a subject, and even graduate early. This option is not designed to replace existing accelerated pathways, such as the Academically and Intellectually Gifted (AIG) program at WCPSS.

## Health and Safety Guidelines

**Lunch** - In accordance with updated guidance from WCPSS, we shifted the majority of classes outside for lunch. Only two classes per lunch block remain in the cafeteria, and these students are seated with spacing to the

extent possible, facing the same direction, and masks are only removed while students are actively eating or drinking.

**Face Masks** - All students and staff will wear face coverings while indoors at school. The requirement also applies to school buses and vendor transportation. Correctly wearing face masks may prevent a student from having to quarantine if in contact with a student who is presumed positive for COVID. Please stress the importance of correctly wearing face coverings with your student so that we can ensure safety and maintain students' in person participation at school.

**Water Bottles** - Water fountains will continue to be closed to help prevent the spread of COVID. Please send your student to school each day with a water bottle. We do provide students without a water bottle with a plastic cup. Providing these cups is expensive, and we would be grateful for any donations. Link to example of cups that can be shipped directly to Oberlin.
