

Blended Classes Opt-Out Form

This year, we will continue to offer blended classes, in which honors and academic sections of certain courses are combined. Blended courses for the 2017-18 school year include the following:

- American History I
- American History II
- Animal Science II
- Apparel Design II
- Civics & Economics
- Foods II
- Game Art Design
- Health Science I
- Microsoft Excel
- Microsoft Word & PowerPoint
- World History

While academic and honors students will be taught within the same class, it is important to note that students will receive differentiated instruction appropriate to the course they are taking. So, while all students will be held to high standards and will have the same overall learning objectives, at times they will be given different activities and assignments to practice these objectives and to demonstrate their mastery of learning.

As a part of this arrangement, all students enrolled in any of the courses listed above **will automatically be enrolled in the honors level of the course at the start of the school year**; however, students who feel that they are not prepared to succeed at the honors level will have the option of switching out of the honors section and into the academic section. To make this request, students and their parents/guardians will simply need to fill out this form and return it to the teacher of the course by the deadline.
