Hello, Crossroads FLEX families,

The faculty of Crossroads FLEX is continuously striving to develop blended learning curriculum, implement interdisciplinary learning opportunities, and build school community in unique ways. In the Spring semester of 2017, we began offering a recurring enrichment opportunity for students which seeks to address all of these goals. Approximately once a month, we screen a film which affords the opportunity to bridge disciplines. Faculty will develop enrichment opportunities surrounding the films which speak to our distinct subject areas, and students who participate will have the chance to dig deeply into the themes, ideas, and content presented in each film.

Participation is voluntary; however, students who elect to participate in a screening of the film are expected to complete the enrichment opportunities, as well. Students who fail to engage with follow-up opportunities will not be allowed to participate in future film opportunities.

Film ratings may range from G to PG-13. They will be carefully selected by the faculty who will look for two main components: 1) cinematic merit and 2) cross-curricular development potential. Parents will be informed of the film selection before it is screened. We will offer multiple screenings of films in order to accommodate students' varied schedules. If you do not want your child(ren) to participate, please complete and return the bottom of this page; otherwise, no action is required.

Should you have any questions, please contact either Dr. Kaulfuss (akaulfuss@wcpss.net) or Mr. Richardson (krichardson@wcpss.net) for further information.

Thank you,
Dr. Alex Kaulfuss
Mathematics Department Chair
Mentor Coordinator
Crossroads FLEX High School
