

COME OUT AND PLAY DAY!

May 7 | 2:00 - 5:00 PM

The Wake County Community Collaborative for Children and Families, with support from the Growing Resilience Movement, is hosting Wake County, Come Out and Play!

We will be screening the KPJR Films documentary, 'Playing for Keeps' at 3pm. There will be outdoor recreational events for participants of all ages. Giveaway bags for the first 300 households! No registration required – the event is free and open to all!

The purpose of this event is to bring awareness to Mental Health Month and how incorporating PLAY into your adult/family life can boost physical and emotional health, as well as strengthen connections with others.
