

Hello Yates Mill Families and Happy Friday!

We hope the **two week Orientation** has provided us time to get to know each other better, understand how to use Google classroom and set the tone for an excellent school year.

On Monday, August 31st, we will transition to a **different daily schedule** which has been communicated by your child's teacher. A school based scheduling committee with representatives from each grade level and department crafted our schedule using district guidelines. Please know this new schedule may take some time to adjust to as we realize it is quite different than the one used in the Spring. We are asking that you jot down your observations and feedback and be prepared to complete a **short parent survey on day ten of instruction**. By then, we would have settled in to the new routine and it provides us with two weeks worth of valuable data that will be use to make any necessary changes to benefit our Yates Mill Frogs.

**Curbside Lunch** will ending soon at our school. The last day to pick up lunch from here is September 4th. There are still curbside sites still available in our area. The link is on our website. <https://www.wcpss.net/food>

To update PowerSchool and School Messenger to ensure all parents were receiving **school emails**, we have to reenter all of your email addresses. **If you did not complete the survey below for the 2020-21 school year, we need you to do so as soon as possible.** The talking points will also be shared with Ms. Nehlsen, our PTA President and posted on our school website.

**Thanks and have a wonderful weekend! We look forward to seeing all our students virtually Monday morning!**
