

About Us

Directed by Ms. Allison Taylor, the SHS Choirs are vocal music courses in which the students learn skills such as collaboration, creativity, musicality, music theory, how to read music, how to correctly use their singing voice, and much more! We host concerts, have solo opportunities, do fundraisers, volunteer in the community, and go on trips.

We are the SHS Choir family.

SANDERSON HIGH SCHOOL *chair*

WHY CHOOSE US?

In the Sanderson High School Choirs, you will find your home. Our classroom is a place where friendships blossom, and our music becomes a shared experience.

Our choral department is committed to strengthening the vocal student in mind and soul through vigorous rehearsal, challenging repertoire, and meaningful relationships.

OUR CHOIRS

Beginning Chorus

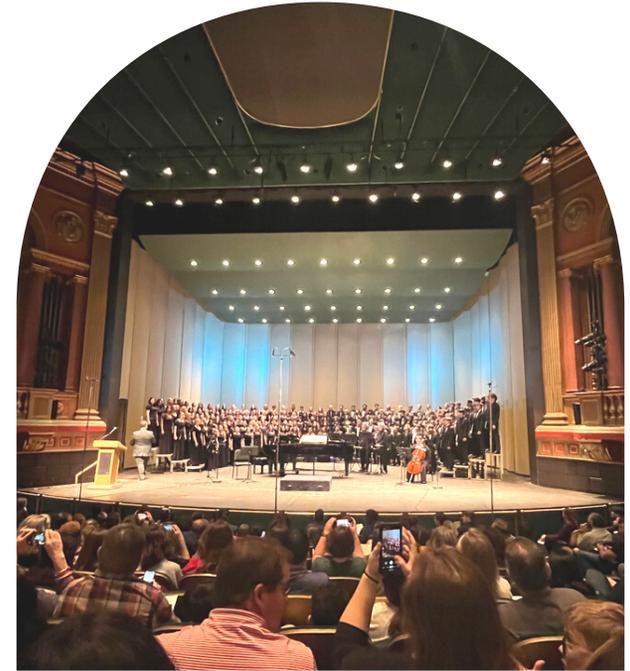

This introductory course is open to all students who have an interest in singing. We will focus on music theory, appreciation, and composers. Emphasis is placed on correct vocal production, reading music, and performance skills.

Spartan Singers

Students in our intermediate choir, Spartan Singers, will demonstrate proficient skills relating to vocal production, music literacy, and performance techniques. This group studies and performs slightly more advanced levels of choral literature.

Sandpipers

This is an auditioned-only choir. Students in Sandpipers will demonstrate proficient skills relating to vocal production, music literacy, and performance techniques. Success at the honors level requires rigorous study, excellence in performance, extensive knowledge in all areas of music, and an in-depth study of advanced music literature.

FYI...

Performance

We create many opportunities to perform as a choir and as individuals - including 2 concerts every semester. These are mandatory as they are essentially a test grade. There are also competitions we compete in and extracurricular choirs to audition for. Many ways to get involved and perform!

Choir Leadership Council

Our Choir Leadership Council is a group of students who applied for and were chosen for positions of influence (Choir Co-Presidents, Historian, Librarian, Uniform Manager, etc.). These students are given responsibilities outside of the classroom and help our choral program run smoothly.
