

welcome to PreACT[®]

why PreACT?

This 10th-grade assessment predicts student performance on the ACT[®] test and offers career-interest information to help you, your students, and parents make informed decisions and plan for the future.

- **Shortest** assessment available to predict performance on the ACT
- Rapid reporting for **quicker** interventions
- Career and college planning **results**
- **STEM** and **text** complexity scores
- **Information** for students to share with colleges and scholarship agencies

key benefits

PreACT helps ensure students take the best classes to prepare them for college and their options after high school.

- Results tell students:
- How am I doing so far?
 - What are my plans and goals after high school?
 - Am I on track for college?

four tests

measure what students are already learning in class:
English ■ Math ■ Reading ■ Science

Scores show students' strengths and weaknesses and are an early predictor of ACT test results.

Total test time = 2 hours 5 minutes to 2 hours 15 minutes
PreACT scoring aligns to the ACT test 1-36 scoring

Help students plan for future success!
