**GLOBAL POINTS OF PROGRESS: England -- New clothes designed for Queen Elizabeth II will no longer use real fur.** The decision reflects a growing trend among high-fashion houses away from the use of animal fur in new lines. In 2018, London Fashion Week was the first major fashion show that didn't feature any fur on its runway. In 2019 bright, colorful faux fur designs dominated the catwalk at New York Fashion Week. The announcement from Buckingham Palace is being lauded by animal rights activists. But the queen will continue to wear existing fur and fur-trimmed outfits in her wardrobe.

## COMMUNITY SERVICE OPPORTUNITIES

Community Hope is an academically structured mentoring and literacy program that addresses the individual learning needs and holistic growth of students living in under resourced communities in Raleigh. The Community Hope Mentoring program matches a volunteer mentor (ages 16+) with a child. Our mentors meet with their students once a week throughout the traditional school year. Through this one-on-one mentoring relationship, students receive support, affirmation, and guidance from a positive role model to encourage their personal character development and academic success. With your help, students can gain more than one grade level of literacy proficiency each year as well as an expanded vision for their future.
