STUDENT ANNOUNCEMENTS [JUNIORS & SENIORS]

Seniors who have not yet found a college for fall, please consider the [College Redirection Pool](#) (CRP). The CRP runs April 1 through August 31 to provide students with an additional opportunity to be matched with a North Carolina college or university that still has enrollment openings for the upcoming fall. The CRP module was established primarily to assist students who have been denied admission from the institution of their choice and are seeking opportunities to pursue higher education in the fall. The goal is for every student in the College Redirection Pool to be contacted by at least one of their local schools. This is a great way to match students looking for somewhere to enroll with campuses that still have available spaces in their fall term.

Still looking for summer ideas? You might want to consider the summer programs affiliated with NC colleges and universities. You can find the searchable [Student Enrichment Programs](#) database on CFNC.org with listings on over 140 summer programs. From music to video game design, students can find options to learn more about things they enjoy while being exposed to a college opportunities.
