PARENT ANNOUNCEMENT

The following resource is an awesome "virtual college fair" for our in-state institutions and some other post-secondary options like the military as well:

<https://docs.google.com/presentation/d/1DPSOnGQeDSB0GagLkrdFYbD94rLzTXr6GrHVodTC5og/present?slide=id.p>

In honor of the Broughton IB Class of 2020, we have a virtual IB Medal Ceremony that you will be able to view starting yesterday. You will be able to view it from the same link at a later time and/or date at your convenience. The ceremony will include several speeches, reflections, poetry recitations, and the medal presentation. The more formal ceremony will be followed by a collection of photographs and memories shared by students and teachers. The link to the virtual ceremony is posted at the top of the [Broughton IB Programme homepage](#) by 2 PM on--www.tinyurl.com/BroughtonIB

GLOBAL POINTS OF PROGRESS -- Worldwide: Scientists have mastered the use of frozen zoos - biobanks of species - to reproduce endangered amphibians. Olaf the toad is the first of its species to be born from previously frozen sperm. Although the idea of frozen zoos was introduced in the 1970s, development was limited by available technology. Today, scientists have successfully created biobanks of the frozen sperm and eggs of a number of species around the world and then used in vitro fertilization to reproduce them. But reproducing amphibians has proved more difficult. .

STUDENT ANNOUNCEMENTS [GENERAL]

GoPeer recently launched a 100% Free Volunteer-Powered Tutoring Program to help increase access to personalized tutoring for all K-12 students. The volunteer tutors are qualified college students who attend Harvard, MIT, Stanford, and +50 other top universities (i.e., GoPeer Tutors). Tutors are available to teach anywhere between 1-hour to 10-hours per week, per child, depending on the specific learning goals. Also, there are over 153 subjects available! If interested, students/parents can request a free volunteer GoPeer Tutor online at GoPeer.org.

Counselors and financial aid experts from College Advising Corps, CFNC, and NCSEAA will be on hand for 11 Zoom sessions scheduled throughout the month of June. During these live sessions, students and parents are welcome to ask questions or seek guidance on the FAFSA application and financial aid process. No reservations are required and support will be available for Spanish-speaking students and families. [Find More Info & Live Session Links on the FAFSAFrenzyNC Website.](#)

A new CFNC.org is prepared to launch this summer! The totally redesigned CFNC.org brings easier navigation, a new personal dashboard, an improved college search, more powerful scholarship filters, updated career resources, more access to functionality without a login, and much more.

You can find a video preview on the home page of [CFNC.org](#) or on YouTube (<https://www.youtube.com/watch?v=uAfE9itZhDQ&feature=youtu.be>).

The Princeton Review is partnering with Wake County Libraries to offer a free virtual seminar series this summer for high school students and parents interested in learning about the SAT, ACT, and the college admissions process along with the impact that the pandemic has had on whole endeavor. The events in the series are reproduced below along with the direct registration links.

College Admissions Seminar – Monday, June 22nd, 4:00 PM – 5:30 PM

The college admissions and financial aid process can be stressful in the best of times, and there's a lot to think about! Happily, the experts at The Princeton Review are here to support you. Come learn the key elements of the admissions process and what to think about to reduce stress and increase success. This session will also cover changes and issues to consider for this very unusual admissions cycle. Register [here](#).

SAT Seminar – Friday, July 10th, 4:00 PM – 5:30 PM

The experts at The Princeton Review cover everything you need to know about the SAT in this virtual seminar. Learn how the test is built and structured and what that means for you as a test-taker. Catch up on the content tested on the SAT and how the test is scored. Get a sense of how one prepares for the SAT as well as the range of resources available. Register [here](#).

ACT Seminar – Monday, July 20th, 4:00 PM – 5:30 PM

The experts at The Princeton Review go in-depth on the ACT in this virtual seminar. Come learn everything you need to know about the ACT, including structure, content, and approach. How should you approach time management and pacing? What are you expected to know for the Math and English sections? Why is the Science section such a challenge? Get all these answers and more at The Princeton Review's ACT Seminar. Register [here](#).

STUDENT ANNOUNCEMENTS [JUNIORS & SENIORS]
